HOW TO READ THE NEW ARE® SCORE REPORT IN MY EXAMINATION

NOTE: This is not your score. This number represents the percentage each content area is worth toward determining your overall score.

This section provides information on the content areas tested in each division. This will correspond with the diagnostic information for failed divisions.

CANDIDATE NAME: Amanda R. Earnest REGISTRATION ID: ID000000000 DATE TESTED: 08/01/2013

Programming Planning & Practice 4.0 **ARE® SCORE REPORT**

TO VERIFY THIS SCORE GO TO: www.ncarb.com/verification

DIVISION STATEMENT
Apply project development knowledge and skills to architectural programming; environmental, social, and economic issues; building codes and regulations; project and practice management.

CONTENT AREA 1: PROGRAMMING & ANALYSIS
(24-30 percent of scored items)

A. Determine client needs and requirements to develop a project plan and program. Content areas include design objectives, site characteristics, spatial and functional relationships, and building systems considerations. Based on client needs and professional knowledge establish a preliminary project scope, phasing, budget, and schedule.

CONTENT AREA 2: ENVIRONMENTAL SOCIAL & ECONOMIC ISSUES
(23-29 percent of scored items)

A. Obtain and review site and building surveys, assess physical, environmental, social, and economic issues on project, and develop design concepts. Design concepts should draw upon basic design principles and historic precedent while responding to sustainable principles and new material technologies.

CONTENT AREA 3: CODES & REGULATIONS
(10-13 percent of scored items)

A. Manage the regulatory approval process by identifying, analyzing, and incorporating building codes, specialty codes, zoning, and other regulatory requirements.

CONTENT AREA 4: PROJECT & PRACTICE MANAGEMENT
(33-39 percent of scored items)

A. Develop scope of services and project delivery method by assessing project budget and financing, identifying project team members including consultants, managing project schedule and design process, assisting with construction procurement, and managing legal issues relating to practice including fees, insurance, and professional services contracts.

VIGNETTE NO. 1: SITE ZONING
Delineate areas suitable for the construction of buildings and other site improvements responding to regulatory restrictions and programmatic requirements. Define a site profile and maximum buildable envelope based on zoning regulations and environmental constraints.

This division of the ARE is divided into 5 Content Areas and 3 Vignettes as described in this score report. The information in the table below details the composition of this ARE division and your performance by content area/vignette as characteristic of one of three levels:

Level 1: Performance at this level meets the expectations for a candidate who is minimally qualified.
Level 2: Performance at this level does NOT meet the expectations for a candidate who is minimally qualified.
Level 3: Performance at this level is far from meeting the expectations for a candidate who is minimally qualified.

| Content Area/Vignette | Content % (of scored items) | Your Performance * | | |
|---|--------------------------------|--------------------|---------|---------|
| | | Level 3 | Level 2 | Level 1 |
| Content Area 1: Principles | 27-36% | | | |
| Content Area 2: Environmental Issues | 11-17% | | | |
| Content Area 3: Codes & Regulations | 7-10% | | | |
| Content Area 4: Materials & Technology | 31-40% | | | |
| Content Area 5: Project & Practice Management | 7-13% | | | |
| Vignette 1: Accessibility/Ramp | N/A | | | |
| Vignette 2: Stair Design | N/A | | | |
| Vignette 3: Roof Plan | N/A | | | |

* Classifications of content area and vignette performances are provided as descriptive feedback only. Pass or fail decisions for this division are based on the total score, which is more reliable than a content area or vignette score by itself.

Limited diagnostic information will continue to be available on failing score reports. Areas and vignettes marked as Level 2 or 3 should be reviewed more before sitting for a retake.
